

Report Layout Editor (Overrides feature) for Maritime shipments

The Report Layout Editor Overrides feature allows a user to amend Section 14 of the Maritime shipping form.

The "Maritime + Multimodal" form and the "Maritime + IMO" form are the only forms that have this feature.

To enable this feature:

1. Click the Administration Tab.
2. Click User Options.
3. Click the Maritime tab located at the bottom of the screen.
4. Put a checkmark in the box 'Maritime Form Data Override'.
5. Click Save.

International Air 49 CFR ADR **Maritime** AFMAN

Print empty packaging information after Proper Shipping Name

☐ By default, the empty packaging information ("EMPTY UNCLEARED" or "RESIDUE LAST CONTAINED") is printed before the Proper Shipping Name. When this selection is checked, the empty packaging statement is printed after Proper Shipping Name.

☐ **Print EMS Numbers**

When this option is selected the EMS numbers will print on the Maritime reports.

☐ **Print Inner Qty and Packaging**

When this is selected, Inner Quantity will print on Maritime forms

☐ **Print Material Gross Mass and Unit of Measure**

When this option is selected, the Material Gross Mass and UOM will be printed on the Maritime forms.

☒ **Maritime Form Data Override**

This Option allows the user to Edit data on the Multimodal or IMO form after validation.

Note: If the checkboxes are grayed out and you are unable perform the above steps, this means that you do not have Admin privileges' or have been placed in an Options Group. Please contact your DGIS Administrator.

The Shipping Papers Tab > **Print** > **Shipments** screen will display an Overrides icon.
